IN INTEREST
OF CHAUTAUQUASPECIAL COMMITTEE HOLDS IM-
PORTANT SESSION.

Various Committees Appointed and Business Transacted Relative to Ten Days Chautauqua to be Held Last of August—James H. Shaw Heard in Address.

If the initial meeting of the chautauqua committee of the Chamber of Commerce held Monday night at the Dunlap house is any indication of the chautauqua to be held in this city next August, the ten days' session will be of far reaching interest and successful to a marked degree. James H. Shaw, a director of the local organization, was present last night and the meeting was enthusiastic, a fine spirit of co-operation prevailing.

The committee settled the time for holding the chautauqua this year, naming Aug. 22 to Aug. 31 as the period. Among the motions made and carried were the following: (1) That the chairman of the chautauqua committee be made president of the program committee; (2) that the chairman of the committee name the chairman of the various sub-committees; (3) that he appoint the chairman of the finance committee with power to act; (4) that chairman of program committee be empowered to carry out special features passed upon; (5) that a special committee be appointed to confer with the park board at their meeting to be held this morning (6) that a committee of five be appointed to work out plans relative to a permanent chautauqua organization; (7) that an invitation, through Superintendent H. C. Montgomery, be made for the teachers of Morgan county to hold their institute this fall during the chautauqua; (8) that a duplicate copy of the evening's proceedings be sent to each member of the committee; (9) that the \$2.00 chautauqua tickets be non-transferable and the \$2.50 transferable.

The members of the committee were guests of Dr. Carl E. Black, chairman of the chautauqua committee, at a splendid dinner served at 6 o'clock. Those of the committee present were Dr. Carl E. Black, J. W. Merrigan, James H. Shaw, Geo. E. Doying, Judge E. P. Brockhouse, Bernard Gause, Fletcher Hopper, Paul Fritchey, Prof. J. G. Ames, J. W. Walton, John G. Reynolds and Superintendent W. A. Furr.

Mr. Shaw Talks of Plans.

The meeting was called to order by Dr. Carl E. Black, who in a few words stated the object of the meeting, to inaugurate plans relative to the coming chautauqua. He introduced James H. Shaw of Bloomington, who managed the chautauqua here last year and will be in charge again this year. Mr. Shaw in part said:

"It should be our object this year to make the Jacksonville chautauqua reach out farther in influences and helpfulness than it did last year. I know from experience that to accomplish this purpose we must have a good organization, in fact organization is the keynote to any successful enterprise. We had a fine chautauqua last year, and this year we must move up a notch, have a more solid program, stretch out our arms to interest people away from Jacksonville. We ought to take more interest in the camping feature. The business men of Jacksonville need to have some place where they can get away from the strain of business life. This can be accomplished if every business man of the city procures a tent for his family and sees to it that it is occupied every day during the chautauqua. In Clinton, Ill., last year, 165 tents were in use and in Richmond, Ind., between 300 and 400 were used. There is no question about this chautauqua offering unusual advantages to business men.

"I believe we ought to have this year the co-operation of the Sunday schools of this community. Over in Richmond, Ind., last year the various Sunday schools decorated various vehicles, made floats and paraded the streets and then marched out to the chautauqua grounds. The parade was witnessed by over 5,000 people and made the hit of the chautauqua. And, again, I think it would be a valuable thing for us to get the help of Dr. William Quayle, now a bishop in the Methodist church. He is one of the brilliant orators of the country and if we can get him here as an attraction and also get him to help us secure the co-operation of all the Methodists they would give a wonderful impetus to the meeting. The system of church organization of this denomination makes their aid highly valuable. And another suggestion, I would like to offer is that we have the Morgan County Teachers' association hold their institute here during the ten days of the chautauqua."

Want Tents Near Park Entrance. The matter was also discussed relative to holding the chautauqua later in the year, so that the schools could take part and the gathering be more of an educational assembly. It was suggested that two men should be appointed from each precinct in the county to look after the interest of the chautauqua in their particular region. An auto parade and special accommodations for motorists were mentioned also that a model hard road be made to the entrance of Nichols park. The ultimate purpose of erecting a coliseum was presented and the changing of the site of the big tent to some place closer to the entrance of the park met a unanimous approval. The matter of having a national child welfare exhibition was talked over favorably, and the idea to have the program was considered a good one, as was that of inviting the Morgan County Teachers' association to hold

their institute here. The permanent organization idea was thoroughly discussed and all felt that such an organization would be assured at the close of the chautauqua this year. The fact that the park board had consented to let golf links be established at the park was thought to be a means of increasing the attendance and interest at the chautauqua. The suggestion that a drive way be made at the north end of the lake and extend up the east side was favorably commented upon.

The chairman of the various committees appointed follow:
Program—Dr. Carl E. Black.
Advertising—Fletcher Hopper.
Tents—J. G. Reynolds.
Tickets—Bernard Gause.
Mr. Reynolds named the following on his committee: Lee P. Allcott, William J. Brady, T. M. Tomlinson and Harry B. Myers.

The committee appointed to confer with the park board includes Judge E. P. Brockhouse, Bernard Gause, G. E. Doying, J. W. Merrigan and Charles Knollenberg. They will meet this morning at 9 o'clock at the Ayers National bank.

F. E. Walling, a farmer living near Yukon, Mo., strongly recommends Foley's Honey and Tar Compound and said: "I have been advised by my family doctor to use Foley's Honey and Tar Compound for my children when there was a cough medicine needed. It always gives the best of satisfaction and I recommend it to others." City Drug Store—J. A. Obermeyer.

FORUM LITERARY SOCIETY.

"The Boy's Ideal" by Mr. W. A. Furr was the principal feature of the regular monthly meeting of the Forum Monday evening at 7:30 in the high school auditorium. Business was first attended to followed by music. Mr. Furr's address dealt with many of the important social problems which face the young men of the country. He emphasized the need of training for good citizenship and for general all-around social efficiency. The program was concluded by a violin solo by Harlow Brown.

WALK TO FRANKLIN SUNDAY

Mr. and Mrs. H. C. Foulk walked to Franklin Sunday afternoon, covering the distance (12 miles) in about 4 hours and thirty minutes. Mr. Foulk, who is proprietor of the Dunlap, and his wife were taking a walk Sunday afternoon and when they arrived at the Burlington tracks it is understood that one dared the other to walk to Franklin. They started about 2:30 o'clock and arrived there at 7 o'clock. While in Franklin Mr. and Mrs. Foulk were guests at the home of Mr. and Mrs. F. F. Patterson.

**WABASH BRAKEMAN HAS ANKLE
BROKEN IN WRECK NEAR CHAPIN**

Two Freights in Rear-End Collision Delay Traffic—One of Them Strikes Another Train, Head-On At Bluffs.

After being struck in a rear-end collision with another freight at a point one and one-half miles east of Chapin, west bound Wabash freight No. 67 pulled into Bluffs, headed in on a siding and met in a head-on collision with a freight that was standing in the yards. In the first smashup Brakeman Cardman of Springfield sustained a broken ankle in jumping from the caboose of No. 67. He was the only man injured. The second wreck damaged only the pilots of the engines.
No. 67, in charge of Conductor Newby, left this city about 7:05 o'clock Monday night and was followed by an extra west bound freight, which left here at 7:34 o'clock. The wreck occurred about 7:50 o'clock and the caboose, a flat car and a car of coal on the first train, were completely demolished. The wrecker from Springfield was ordered to clear the wreckage and arrived on the scene about 11 o'clock. The track will probably not be cleared for traffic until daylight.

On account of the wreck No. 2, east bound passenger which is due in this city at 8:23 p. m. was detained via Concord on the Burlington and did not arrive in this city until about 10:50 o'clock last night. The east bound passenger which is due to arrive here at 1:48 o'clock will also be detained via Concord.

Sunday morning about 3:22 o'clock the engine of the south bound Burlington passenger was knocked off the track at Chapin by eastbound Wabash freight No. 82. The locomotive was not overturned, but the force of the collision was such that both engines were derailed. The wrecker from Springfield was sent to the scene but the two engines were righted without the aid of that machine, after four hours work.

West bound Wabash passenger No. 3, which is due in this city at 7:06 a. m. was derailed near Hadley, a station near Baylis, Monday morning. No one was injured and the delay was slight.

THE ART OF CORRECT DRESS**Corsetry---a Modern Science**

No. 1 in a series of talks on the Ways and Means of Attaining Correctness in Dress

Corseting has developed to such and extent with in the last few years it may now well be classed as a science. A perfect fitting corset imparts that chic, graceful appearance to the outer garment which characterizes a woman as being well groomed—and the ill-fitting corset necessarily the opposite. Those who are exacting in their dress requirements choose the corset first in the season's out-fit, and have all fitting done over this model. This is secret No. 1 in the art of correct dress—if you choose the right corset.

Makers of the American Lady Corset are noted for the exactness they have acquired in corseting. "A correct model for every figure" is their claim—which means "a perfect fitting outer garment for every wearer of American Lady Corsets". We have a complete line of this celebrated make and are awaiting an opportunity to demonstrate to you their many superior points. Begin the season right this year. Buy an American Lady Corset first—and read the article on the subject of correct dress as they appear from time to time.

We want you to visit our store this week while down town viewing the many pro-Easter displays now on exhibition in the business district

**MONDAY AFTERNOON FIRE
DAMAGES GEM THEATRE**

Prompt Work of Fire Department Prevents Much Injury to Other Buildings.

The building occupied by the Gem moving picture theatre on the north side of the square was damaged by a fire of unknown origin about 2:15 o'clock Monday afternoon. The shoe store on the west owned by Joseph Burgett, was at first threatened, but quick action of the firemen in getting five streams of water on the flames saved the place from any except water damage. No one knows how the fire originated but the appearance of the interior of the theatre point in incendiary origin.

The fire started evidently on the west side of the theatre near the piano which is was directly in front of the stage. The piano was a complete loss and the seats on the west side were entirely burned. The fire reached the second floor by means of an air shaft at the back end of the room but was under control before it had time to do any injury to the front portion occupied by William Hunter the tailor. The Bell Telephone company suffered a loss of about \$500 from damage to 70 telephones stored in a room at the extreme back of the first floor.

A large part of Mr. Burgett's shoe stock was taken from the building immediately after the fire was discovered, being carried to the opposite side of the street by the help of bystanders.

Daniel McGinnis the owner of the building stated it is well covered by insurance. He will have it refitted again as a moving picture theatre in the near future. Harry Durand who was operating the theatre had stopped business for several days, intending to start later in the week with some new vaudeville features. The picture machine is owned by F. H. May.

Twenty-five hundred feet of hose was brought into play by the department who everyone testifies got to the scene of action in good time. A line of hose was attached to a piling near the fire department and brought to bear on the fire from the back. Two engines were brought to the front with two lines of hose apiece making five streams in all.

Lieutenant Governor O'Hara is said to be the youngest man who has ever occupied that position in this state. He has youth and ambition and enthusiasm—and he is not to blame for it. It comes in every man's life (every man worthy the name.) It should be encouraged yet if one could add a slight degree of conservatism (not too much) it might make his opinions of greater value. Great reforms are inaugurated by the enthusiasts, reforms that after they are toned down a little by the advice of the more temperate by experience, may be productive of great good. Testimony given before the senate committee on "white slavery" shows that in the case of one firm whose profits in 1911 approximated \$7,000,000, and which has a capital of \$50,000,000, on which it pays about 16 per cent, the minimum weekly wage scale for young girls is \$5.00. At the close of the fiscal year 1912 this concern had a surplus of \$12,000,000. Of course many, perhaps a majority of the young girls employed in this establishment live at home, do not pay board, and take employment merely as an expedient to obtain pocket money, and with little expectation of making a permanent business of it. This is the case with a great number in all communities, and is one of the causes of low wages—there is too great competition for the places. Large concerns are not apt to pay a high wage when the same class of help can be had for less. The minimum wage, \$5.00 per week, would be inadequate in a city like Chicago, where room rent and car fare would take such a large per centage of that amount, without mention of food, clothing, laundry, etc. But the lieutenant governor makes a bad break in saying that working girls must receive more than \$5 per week, or any fixed amount, or take the path that leads to disgrace. He shows little knowledge of the character of the average working girl and, indeed, of any class, when he assumes that their honor and purity are measured by dollars. The woman of today, whether working for pin money or, as many of them are, for the pleasure of making their own living independently, are as clean and pure in their aspirations as any class—even if they should be daughters of philanthropists with millions behind them, and as incorruptible. They are to be honored, and we can only ascribe to the enthusiasm of the lieutenant governor the blame for such a silly aspersion.

The working women of this country are entitled to just pay for services rendered, and if they can be aided in a proper adjustment, even by such untrue statements some good may result.

A woman of the tenderloin recently testifying before the senate committee on "white slavery," stated as the cause of her downfall that she had been forced to work in Chicago kitchens at \$2.50 per week. We had not supposed labor of that class was so much better paid in Jacksonville than in the city, but then the witness may have been imbued with some of O'Hara's enthusiasm, and had forgotten, if she ever knew, what honest wages were.

The Kansas "blue sky" statute intended to make those who offer securities for sale to the general public show that there is a reasonable well based hope of their profitability—a ray of "blue sky" in the proposed investment, has been the model for similar laws in other states. The Bankers' Investment Association are making an effort to get such a bill through the legislature of this state, that will put out of business a lot of sharks that have made this their favorite field. A bill that would protect the investors and yet not hamper legitimate exploitation would be of great benefit. Even a speculative proposition, if honestly conducted, would have little to fear from such a law. If they cannot stand reasonable investigation the public should be given warning.

Another state-wide election on the liquor question is coming in Missouri. Last year the state by a large majority voted down the proposed prohibition amendments to its constitution, and the question was supposed to have been settled. But the brewers and liquor interests were incensed at the strict enforcement of the retail whisky laws, and of the enforced observance of Sunday, and have endeavored to except St. Louis and Kansas City from the restriction. They went before the legislature to urge this scheme, but instead of getting what they demanded, the legislature proceeded to enact a county option bill, which would make the greater part of the state dry territory. The brewers now pretend they were not responsible for the demands of their "wide open" friends, and are preparing to have the county option law submitted to a referendum vote. The chances are they were responsible, however, and now they have another fight on their hands. It is said that the strict manner in which the present retail liquor laws were enforced is the main reason the proposed amendments were defeated last year. Rural Missouri they probably show the brewers that they must not only submit to the present stringent laws in the cities but also to county option.

Disgust at the action of English snuffages has given the cause a severe jolt in this country. Their action is said to be largely responsible for the defeat of the suffrage bill in Maine, after it had been adopted by the senate, 89 to 53. In Massachusetts a bill providing for the referendum on a constitutional amendment which would eliminate the word "male" from the provisions defining the qualifications has been withdrawn. The action of a few irresponsible may sometimes delay, even defeat, a worthy cause.

The legal adviser of the secretary of state, in the corporation department, James W. Gullett, has resigned after sixteen years of service. Another good job open for a

Democrat—and this time it will not be a Sullivan devotee, if Secretary Wood is allowed to make the selection.

The changes of the passing years is forcibly illustrated by the statement that for the first time since the civil war the president and his entire cabinet is composed of men who were born during that troublous time, or were little children at its close.

An Oklahoma paper asserts that Bryan will not fear to debate with any foreign diplomat who thinks he wishes to talk. That is a sure thing—Mr. Bryan is especially strong in that line.

"Stealing the coppers from a dead person's eyes," has been discontinued by a public administration in an Illinois town. James Cowan, an East St. Louis hod carrier, died, leaving over \$1,000. It is claimed the public official put in bills against the estate for a \$600 casket, \$31 for a suit of clothes and other costly items. The grand jury ordered the body exhumed, when it was found that the casket was cheap wood, the clothing shoddy and with no shoes. The undertaker, a public administrator and jailer of East St. Louis have all been indicted, and authorities declare they will prosecute the grafters to the fullest extent. Robbing the dead is surely the limit in graft.

The Webb bill, passed by congress over President Taft's veto, not only orders confiscation of liquors shipped from one state to another to be sold, but has placed with the federal government power to enforce the Illinois Sunday closing law, which state courts have failed to do. Anti-saloon workers claim that while the question has been in court in actions against offending saloon keepers, juries, as a rule, have failed to convict, but the federal courts, removed from local prejudice, may order the law enforced. This law will go far to stop the shipping of beer and spirits into dry territory from other states.

GETTING READY TO PLANT FOR THIS SEASON'S CORN CROP

United States Department of Agriculture Offers Suggestions About Grading and Testing Seed.

The U. S. department of agriculture, bureau of plant industry, has issued a special letter with reference to grading, shelling and planting seed corn. The matter contains some excellent suggestions which were prepared by C. P. Hartley, physiologist in charge of corn investigations.

Take time by the forelock and get the seed corn and the corn planter ready for operation now before the rush of other spring work. The soil and the seed are two prime requisites of a profitable corn crop. At this time of the year there are many days when weather or soil conditions prevent plowing or other field work, that can profitably be used in improving the quality of the seed corn. The seed supply can be improved in quality and productivity by discarding the poor ears and the poor kernels.

Cull Out Objectionable Ears.

The best time to grade seed corn is before shelling. The office of corn investigations of the U. S. department of agriculture, proved by careful field experiments that ears having kernels of undesirable shapes produces ears most of which have kernels of undesirable shapes. All ears that are undesirable for one reason or another should be discarded before making germination tests.

At this season for several years past a number of satisfactory means have been described for testing the germination of a few kernels from each seed ear. Those who have neglected to take good care of their seed corn may now find "dead" ears among their supply. In such cases it will be profitable to test the germination of each ear separately. Where well adapted varieties are grown that properly mature before frost, poor germination has never been found among ears selected as soon as mature and cared for properly. Those who have given their seed proper care should pick out 100 representative ears and make a germination test of ten grains from each ear. If these ears germinate well it is not necessary to test the balance of the seed supply.

Nubbing the Seed Ears.

Before shelling the small kernels should be discarded from an inch or more off the tips of the ears. Accurate field tests have proved these small kernels to be less productive than the fully developed kernels of the same ears. The thick, irregular shaped kernels should also be discarded from the butts of the ears. These kernels produce satisfactorily but their size or shape prevents the corn planter from dropping them satisfactorily. It is convenient to nub the entire supply of ears before the shelling process is begun.

How to Shell Seed Corn.

Many farmers who plant 20 or 40 acres of corn, carefully shell their seed by hand and are profited by so doing. A few remarkably successful extensive corn growers shell hundreds of bushels by hand. Where much seed is required there is a strong temptation to run it through the corn sheller. Hand shelling is profitable for the small farmer and therefore more profitable for the extensive farmer. The sheller breaks or cracks some of the kernels and there is not the opportunity of examining kernels from different portions of each ear as in shelling by hand. After being nubbled the proper way to shell the seed ear is to shell by hand, one ear at a time, into a sieve that will let the chaff fall through and leave all the kernels from the ear in plain view for inspection. If unsatisfactory, all the kernels can be easily discarded and another ear shelled. The ears should not be shelled directly

into the general seed supply for it would then be difficult to separate and discard the undesirable kernels.

Much Depends on the Planter.

If the corn planter gave trouble last spring better order a new one now. A poor corn planter is an expensive implement to use. Even though the planter dropped satisfactorily last year, it should be tested with this year's seed supply before planting time arrives. The kernels of a variety of corn frequently vary in size from season to season and different plates may be needed this year from those used satisfactorily last year.

Under favorable field conditions 10 or 20 per cent of the kernels or young stalks are destroyed. Where extensive plantings are made with first-class seed and thinning is impracticable about five kernels should be planted for every four stalks desired. Where help is obtainable that will attend properly to the thinning, it is more profitable to plant twice as many kernels as stalks desired and thin out the weak plants as soon as they become too large and hard to be destroyed by cutworms.

NOTICE OF PROPOSALS FOR BIDS

Sealed bids will be received for the construction of a 10-inch Vitrified Pipe Sewer, on Doolin avenue, Cox and Dunlap streets, by the board of local improvements of the city of Jacksonville, until the 18th day of March, A. D. 1913, at the hour of 10 o'clock a. m., at its office in the city hall, in said city of Jacksonville, Illinois, at which time and place said bids will be publicly opened.

It is estimated that there will be approximately 2600 lin. ft. at an average cut of about 9 ft.

Said improvement shall be constructed and made in accordance with the ordinance providing for the same, and the maps, plats, plans, profiles and specifications for the same on file in the office of the city engineer of said city.

Proposals must be made on blanks furnished by the board and in compliance with the instructions thereto attached, which can be had upon application to the engineer, and must be accompanied by a certified check or cash, payable to the president of the board of local improvements, in his official capacity, for an amount not less than 10 per cent of the aggregate of his proposal.

Contractor shall be paid in cash or bonds, bonds to draw 5 per cent per annum.

The board of local improvements reserves the right to reject any or all bids, as authorized by the statute. Dated, Jacksonville, Illinois, March 7, 1913.

ILLINOIS WATER SUPPLY ASSOCIATION.

Modern municipal authorities are awakening to the fact that preventive medicine and health measures, are among the most important concerns of the city and that the city water supply is one of the first items to be considered from the standpoint of public health. Some of the foremost authorities in this line in this country and abroad will meet with the Illinois Water Supply men on March 11 and 12 at the University of Illinois, Urbana-Champaign, and discuss the problem.

One of the features of the meetings will be the descriptions of new water supply systems of various cities. Over forty addresses and papers on practical subjects will be given by men in the field and by scientific experts. The speakers include: Dr. Irwin O. Jordan, Professor of Bacteriology, University of Chicago; Dr. S. A. Forbes, Professor of Entomology, University of Illinois; Dr. Frank P. Norbury, Assistant State Board of Administration, Springfield; W. F. Monfort, Chemist, Water Department St. Louis; Dr. Arthur Lederer, Chemist and Bacteriologist, and Frank Backman, Bacteriologist, Sanitary District of Chicago; and many others. Papers have been furnished by Water supply experts from London, England, Charleston, S. C., Cincinnati, Ohio, Washington D. C., Lawrence Kansas, Regina Sask., St. Louis, Mo., and Bozeman Montana, in addition to those by members in Illinois.

Chronic Stomach Trouble Cured.
There is nothing more discouraging than a chronic disorder of the stomach. Is it not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle? "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by all dealers.

THE LURE OF THE STARS.

Mr. Percy S. Whistler of Illinois College will speak at the Public Library this evening, March 11th upon "The lure of the stars." All persons interested in knowing something about the heavens at this season are invited to come to the Library at 7:30 on that evening.

Those who like to use a star atlas or map will learn where the best and cheapest one may be found. It may be of interest to some people to know that the first number of the Scientific American for each month has a full page devoted to a map of the heavens as they will appear during that month, and giving some pointers for further study.

WILL GIVE PACKY FIRST CHANCE IF HE MAKES WEIGHT

Light eight Champion Offers McFarland Bout at 133 Pounds Six Hours Before Fight.

Chicago, March 10.—Willie Ritchie, light-weight champion, announced today that he will give Packy McFarland the first chance at the title provided he will agree to weigh in at 133 pounds six hours before the bout.

"You can't blame me for wanting to drag Packy down somewhere near my size," said Ritchie. "I think he is the greatest exponent of scientific boxing in the world today if anyone will allow him to come in at 136 pounds at least six hours before ringtime. However, as I hold the light-weight I feel it is purely a business deal to have something to say about the weight. As far as the money is concerned, I am not claiming the lion's share."

A GENEROUS OFFER

Your Money Refunded if Parisian Sage Doesn't Banish Dandruff.

Pretty strong talk perhaps you'll say, but it's honest talk, every word of it, because if Coover & Shreve were not absolutely certain; if they did not know from actual results obtained they could not make such a generous offer.

Parisian Sage can now be obtained in every town in America. It is guaranteed to stop falling hair and itching scalp.

It is the ideal, delightful, rejuvenating hair dressing that makes hair grow in abundance. Parisian Sage is a prime favorite with women because it keeps the hair brilliant and fascinating, is daintily perfumed and is not sticky or greasy.

The price for a large bottle is only 50 cents. Coover & Shreve's who guarantee it. Sold everywhere, or direct, all charges prepaid, by the American makers, Giroux Mfg. Co., Buffalo, N. Y.

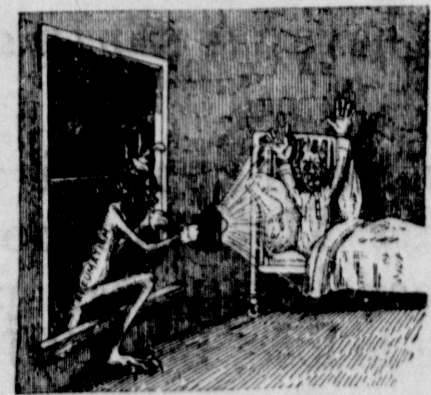

NOTICE.

Notice is hereby given that at the April term, A. D. 1913, of the county court of Morgan county, state of Illinois, to be held at the court house in Jacksonville, in said county, on the first Monday, being the seventh day of April, A. D. 1913, the undersigned will apply for an order to sell the following described real estate, to-wit: The east half of the southwest quarter of section twenty-one (21); one (1) acre off the north end of twenty-five (25) acres off of the east end of the north half of the northwest quarter of section twenty-eight (28); also twenty (20) acres off of the east end of fifty-five (55) acres off of the west end of the north half of the northwest quarter of said section twenty-eight (28), all in township sixteen (16) north and range eleven (11) west of the third principal meridian, in Morgan county, state of Illinois, containing one hundred and one (101) acres, more or less, as the property of Donald Archibald Newton, James Samuel Newton and Ella Catherine Newton, minors, children of Archibald L. Newton, deceased, but derived from Samuel Newton, their grandfather, by conveyance, Harry K. Chenoweth, Guardian of said minors.

When Burton Holmes recently gave his celebrated travelogue on "Panama" at Orchestra Hall, Chicago, he was seriously interrupted by continual coughing of the audience. No one annoys willingly and if people with coughs, colds, hoarseness and tickling in throat would use Foley's Honey and Tar Compound, they could quickly cure their coughs and colds and avoid this annoyance. The Return of Blood Eruptions

No Reason Why Anyone Should Suffer With Such a Disheartening Experience.

No case of contagious blood poison is ever cured until the last particle of the virus has been removed from the circulation. The least taint left in the blood will, sooner or later, cause a fresh outbreak of the trouble, with all its hideous and destructive symptoms of ulcerated mouth and throat, copper colored spots, falling hair, sores and ulcers, etc. No other medicine so surely cures contagious blood poison as S. S. S. It goes down into the blood and steadily and surely drives out every particle of the infection. It absolutely and perfectly purifies the blood, and leaves this vital fluid as fresh, rich and healthy as it was before the destructive virus of contagious blood poison entered the circulation. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and other blemishes, the hair stops coming out, the mouth and throat heal and when S. S. S. has traced the disease its left, S. S. S. cures contagious blood poison because it is the greatest of all blood purifiers, tested and proven in hundreds and hundreds of cases all over the country. You will find S. S. S. for sale in all drug stores at \$1.00 per bottle. Write to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga., for private medical advice and a very instructive book on blood diseases, sent free, sealed in plain wrapper.

AMOUNT OF LAST YEAR'S GRAIN CROP ON FARMS

CROP REPORT FOR MARCH ESTIMATES RESERVE CROP.

About 21.4 Per Cent of 1912 Wheat Crop Remains on Farms at Present Time, a Slight Increase Over Amount Held Preceding Year.

Washington, March 10.—Grain of last year's crop remaining on farms March 10 formed the subject of the department of agriculture's crop report for March which was issued at 2:15 p. m. today. The department's bureau of statistics, from reports of its correspondents and agents throughout the country, estimates the amount of wheat, corn, oats and barley on farms, with comparisons for preceding years, the proportion of each crop which will be shipped out of the counties were grown, and the percentage of the 1912 crop which was of merchantable quality, as follows:

Wheat—About 156,483,000 bushels, or 21.4 per cent, of the 1912 crop remained on farms March 1, 1913, compared with 122,025,000 bushels, or 19.6 per cent, of the 1911 crop in 1912; 162,705,000 bushels or 25.6 per cent of the 1910 crop in 1911, and 160,214,000 bushels, or 23.4 per cent of the 1909 crop in 1910.

About 61.6 per cent of the 1912 crop will be shipped out of the counties where grown, against 56.1 per cent of the 1911 crop so shipped; 55.6 per cent, of the 1910 crop so shipped and 61.1 per cent of the 1909 crop so shipped.

Corn—About 1,289,655,003 bushels, or 41.3 per cent of the 1912 crop remained on farms March 1, 1913, compared with 884,069,000 bushels, or 34.9 per cent of the 1911 crop in 1912; 1,165,378,000 bushels, or 40.4 per cent of the 1910 crop in 1911, and 977,561,000 bushels, or 38.3 per cent of the 1909 crop in 1910.

About 21.8 per cent of the 1912 crop will be shipped out of the counties where grown, against 20.5 per cent of the 1911 crop so shipped; 22.9 per cent of the 1910 crop so shipped, and 24.9 per cent of the 1909 crop so shipped.

The proportion of the 1912 crop which is merchantable is about 85.0 per cent, compared with 80.1 per cent of the 1911 crop; 86.5 per cent of the 1910 crop; and 82.5 per cent of the 1909 crop.

Oats—About 604,216,000 bushels, or 42.6 per cent of the 1912 crop remained on farms March 1, 1913, compared with 289,988,000 bushels or 31.4 per cent of the 1911 crop in 1912; 442,665,000 bushels, or 37.3 per cent of the 1910 crop in 1911, and 365,432,000 bushels, or 36.3 per cent of the 1909 crop in 1910.

About 30.9 per cent of the 1912 crop will be shipped out of the counties where grown, against 28.8 per cent of the 1911 crop so shipped; 30.6 per cent, of the 1910 crop so shipped, and 32.7 per cent of the 1909 crop so shipped.

Barley—About 62,283,000 bushels or 27.8 per cent of the 1912 crop remained on farms March 1, 1913, compared with 24,760,000 bushels, or 15.5 per cent of the 1911 crop in 1912; 33,498,000 bushels, or 19.3 per cent of the 1910 crop in 1911; and 42,662,000 bushels, or 24.6 per cent of the 1909 crop in 1910.

About 52.7 per cent of the 1912 crop will be shipped out of the counties where grown, against 57.2 per cent of the 1911 crop so shipped; 50.0 per cent of the 1910 crop so shipped and 52.5 per cent of the 1909 crop so shipped.

BROOKLYN CONTINUES REVIVAL SPIRIT.

The spirit premeated the whole day's programme at Brooklyn Sunday. At the morning session, Rev. Mr. Alkire had the Rev. W. J. Brown to open the services in his absence at the C. B. Perry funeral. He returned in time to administer communion to several.

At night there was a great attendance, the largest since the "Spirit of War", touching the Mexican situation by saying that the famous declaration of the Martyred Lincoln, that "This nation could not exist half-bond and half free", so "Mexico could not exist half rebel and half regular." At the close, six joined the church, and several more announced their intention of transferring to the Brooklyn membership. Surely Brooklyn is enjoying increasing prosperity.

The Easter Cantata, under Misses Lindsay and Hay, supported by some of the star soloists of the city, promises to excel the splendid Christmas number so highly complimented by the capacity audience.

DUNNE GOES TO CHAMPAIGN

Has no Information Regarding Announced Visit of McCombs to Springfield.

Springfield, Ill., March 10.—Governor Dunne left Springfield this afternoon for Champaign. He went to attend the annual meeting of the board of trustees of the University of Illinois, which will be held tomorrow.

Governor Dunne has no information regarding the announced visit of William F. McCombs, chairman of the Democratic national committee, to Springfield.

"I would welcome a visit from Mr. McCombs," he said. "It would please me very much to have the national chairman come to Springfield and familiarize himself with conditions as they exist here."

The governor would not venture a prediction as to Chairman McCombs' conclusions in event he made a personal investigation of conditions on the ground.

If he does come, he is expected to arrive tomorrow to be on the ground when the balloting on United States senatorships is resumed Wednesday.

RHEUMATIC SUFFERERS ASTOUNDED

RHEUMA Acts On Kidneys, Liver and Blood the First Day—and Out Goes Uric Acid Poison.

Anybody can afford to pay 50 cents to get rid of terrible Rheumatism, Sciatica or Gout, and that's all RHEUMA costs at Coover & Shreve's who say that if it doesn't do all that is claimed for it, money back.

It's wonderful how speedily this simple remedy takes hold and how the sore muscles limber up and the swollen joints come down to normal. Make no mistake—RHEUMA costs but little, but it's the best remedy you can find to drive Rheumatic poisons from the system and bring back health to misery-racked bodies.

"I had Rheumatism for a long while, and tried many medicines, but was not cured until I used RHEUMA. I cannot praise RHEUMA too highly. My advice to those suffering from Rheumatism is to use this great remedy, as I believe it will effect a permanent cure in any case."—C. B. Lanham, Sattes, W. Va., April 27, 1912.

THESE TWO YOUNG WOMEN

Tell How They Suffered and How Lydia E. Pinkham's Vegetable Compound Restored Their Health and Stopped all Pains.

Zanesville, Ohio.—"I would have cramping spells, distressed feeling in the lower part of my back, headaches and felt weak and very irregular. After taking five bottles of Lydia E. Pinkham's Vegetable Compound with Liver Pills for constipation, I felt well and strong and have no more female troubles. I hope every suffering woman will give your medicine a trial. I give you permission to publish what your remedies have done for me."—Mrs. ROY SIMMS, R. No. 6, Box 34, Zanesville, Ohio.

What Ten Dollars Did.
Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and I sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."—Mrs. MATTIE HALEY, 501 Colquhoun Street, Danville, Va.

That Wonderful Event

IF THERE is a time above all times when a woman should be in perfect physical condition it is the time previous to the coming of her babe. During this period many women suffer from headache, sleeplessness, pains of various description, poor appetite, and a host of other ailments which should be eliminated in justice to the new life about to be ushered into this world.

DR. PIERCE'S FAVORITE PRESCRIPTION

is a scientific medicine carefully compounded by an experienced and skillful physician, and adapted to the needs and requirements of woman's delicate system. It has been recommended for over forty years as a remedy for those peculiar ailments which make their appearance during "the expectant" period. Motherhood is made easier by its use. Thousands of women have been benefited by this great medicine.

Your druggist can supply you in liquid or tablet form, or you can send 50-cent stamps for a trial box of Dr. Pierce's Favorite Prescription Tablets, to Dr. Pierce, at Invalids' Hotel and Surgical Institute, Buffalo.

It is your privilege to write to Dr. Pierce for advice, and it will be gladly given free of charge. Of course all communications are confidential.

Start Your Baby With Sound Health

Regular Bowel Movement From Childhood on Forestalls Future Serious Diseases.

DIXIE ASKEW DUDLEY.

We cannot all start life with the advantages of money, but every child born is entitled to the heritage of good health. Through unfortunate ignorance or carelessness in the feeding of a baby its tiny stomach may become deranged. The disorder spreads to the bowels and before the mother realizes it the two chief organs on which the infant's comfort and health depend are causing it great suffering. If the condition is allowed to continue grave ailments often result.

There is, however, no occasion for alarm, and the sensible thing to do—but it should be done instantly—is to give the baby a small dose of a mild laxative-remedy. In the opinion of a great many people, among them such well-known persons as the parents of Dixie Dudley, Magnolia, Ark., the proper remedy is Dr. Caldwell's Syrup Pepsin. Mrs. Dr. Caldwell writes: "Dr. Caldwell's Syrup Pepsin is the best medicine I ever used. It cured my baby of flatulency colic when the doctors failed; it cured my husband of constipation. My home shall never be without Syrup Pepsin." It is a pleasant-tasting laxative, which every person likes. It is mild, non-gripping, and contains that most excellent of all digestants, pepsin.

This remedy is especially intended for infants, children, women, old people and all others to whom harsh cathartics, salt waters, pills, etc., are distressing. In fact, in the common disorders of life, such as constipation, liver trouble, indigestion, biliousness, headaches, and the various other disorders of the stomach, liver and bowels nothing is more suitable than this mild laxative-remedy, Dr. Caldwell's Syrup Pepsin.

Two generations of people are using it today, and thousands of families keep it constantly in the house, for every member of the family can use it. It can be obtained of any druggist at fifty cents or one dollar a bottle, the latter being the size bought by families who already know its value. Results are always guaranteed or money will be refunded.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

WEAKNESS DEVELOPS IN STOCK MARKET

NEW LOW LEVEL REACHED BY
MANY ISSUES.

Direct Effect on Market of Strained
Conditions Abroad Were Empha-
sized—Money Market Reflects Loss
of Gold.

(By Associated Press)
New York, March 10.—Pronounced
weakness again developed in the
stock market today, and new low
levels were reached by many impor-
tant issues. Developments of the
day served to emphasize the direct
effect on this market of strained fi-
nancial conditions abroad. From
Berlin it was reported that as high
as ten per cent was being bid for
loans over the end of month. Liq-
uidation by Berlin was an unsettled
factor. It was estimated that Ber-
lin disposed of nearly 10,000 shares
of Canadian Pacific here. London
also sold stocks here on a fairly
large scale.

Prices on Americans were depressed
sharply in London before the
opening here and this market fol-
lowed the lead thus given, with special
weakness in Canadian Pacific and
Union Pacific. Canadian slumped
3 1/2 points, Union Pacific 3 1/2, steel 1 1/2
and Reading 1 1/2.

The local money market reflected
the effect of the loss of gold, with
the probability of further large ex-
ports this week. Both time and call
funds were firmer. Foreign ex-
change held strong.

KEEP YOUR HEAD UNCOVERED.

The Parasitic Weaving of a Hat Propagates Dandruff Germs.

There are many men who wear their hats uncovered at the time when awake, and are blessed with a heavy shock of hair, yet if the scraps of these same men were examined with a microscope, they would be found infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newcomb's Herpicide kills these germs and stimulates healthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

COUNCIL TO TALK FRANCHISES TODAY

MR. CHUBBUCK COMING FOR CONFERENCE ON UTILITY AFFAIRS.

Council and City Attorney Seem to Be Considering Different Measures—Bids on Fire Truck Opened—Board of Education Election to Be Held April 15th—Extended Discussion of Public Improvements.

The usual weekly session of the city council was held Monday morning with the entire membership present. After the usual routine of roll call and minute reading, a number of important matters were given consideration. A letter was read from C. F. Ehrie from Post O of the T. P. A., calling attention to the unsanitary conditions at railway stations in Jacksonville. A letter was read also from C. F. Persch, of the Illinois Fire Inspection bureau, stating that the resurveying of Jacksonville would be postponed until June 1 on account of the contract with the Jacksonville Water company which is to go into effect then and because of the proposed changes. The report of this bureau has a large influence in fixing the rate of fire insurance costs in cities. An ordinance was given the first reading, fixing Tuesday, April 15, as the date for holding election for members of the board of education in the first and second wards. Mr. Newman thought an election should also be called in the third ward as Dr. Clamptit no longer resides in that ward, but Mayor Davis said that it was his understanding that the council would have no right to call an election for a member of the board in the third ward unless somebody in that ward should bring mandamus proceedings to compel such an election. City Attorney Hairgrove who was present agreed to this opinion. Bids for an auto truck for the fire department were opened, and that of David Estaque for \$5,000 was found to be the lowest. There were five bids and they were referred to Commissioner Engel to bring before the council at some later date. City Attorney Hairgrove was present and discussed at some length a proposed general sidewalk ordinance and some other matters relating to public improvement. He also talked somewhat about the pending franchises for the railway, gas and electric companies and stated that he had spent a great deal of time upon the matters. He mentioned that franchise ordinances covering these rights had been sent to his office to be copied and that they were franchises which in no way protected the rights of the city in his opinion. Mayor Davis said that Mr. Chubbuck and possibly others representing the traction company would be here this afternoon at 2:30 and said he hoped that the city attorney and all the others present at the Monday meeting could be there for the conference. He said that the franchises Mr. Hairgrove had prepared would be given consideration at that time, and said further that the city attorney had been away frequently when called for.

T. P. A. Protest.

The letter from C. F. Ehrie, secretary and treasurer of Post O, of the T. P. A., called attention to alleged unsanitary conditions at railway stations in Jacksonville and asked the council to make an investigation of such alleged unsanitary conditions. This matter was referred to the department of public health and safety. The letter from C. F. Persch said the Illinois Fire Inspection bureau had postponed resurveying Jacksonville until June 1 in the consideration of the preparation of such needed improvements made in accordance with the report of Engineer Townsend and because of the proposed water company's contract. He expressed a hope that when the survey is made that it would be found that Jacksonville would be permitted to be rated as a class, three city, as it now is. The bureau has been considering recommending higher rates unless some changes were made.

Commissioner Newman nominated Oliver Spaulding as superintendent of streets and he was confirmed by a unanimous vote. The commissioner stated that Mr. Spaulding had been serving for some time as assistant in this department and he considered him well qualified for the position.

Auto Truck Bids.

The bids were opened for the auto fire truck and were found to be as follows:

Seagrave Co. (by E. F. Johnston) \$5500
L. P. O'Donnell 5735
David Estaque 5000
Robinson Fire Appliance Co. 5500
American LaFrance Co. 5500

Each bid was accompanied by certified check and by elaborate specifications, all of which were referred to Commissioner Engel for further consideration at some time he suggests.

An ordinance was read calling for an election for member of board of education in first and second wards for Tuesday, April 15, which is the same date as the electric light bond election. The ordinance was laid over, under the rules, and will be given a second reading next Monday. Commissioner Newman brought up the question of an election in the third ward in view of the fact that Dr. Clamptit, a member of the board in that ward, is no longer a resident there. It was stated, however, that this could not be legally done unless a suit had been brought against the board by some resident of the ward to compel the council to hold such an election.

Commissioner Newman said that he had been talking to City Attorney Hairgrove with reference to paving ordinances and that he had wanted talks taken toward paving East and West State streets and South Main

street but that the city attorney was unwilling to take any steps towards paving along streets traversed by the street railway until the pending court matters between the company and the city are settled. Mr. Newman thought that that might be a long drawn out proceeding and he thought there should be no delay on that account. He said he had asked the city attorney to come down and talk to the council about the matter. Mr. Hairgrove said that he had been working for some time upon a general sidewalk ordinance. He said that it was a matter requiring considerable time and that he was going into it with the care and that he had sought advice from authorities in a number of other cities. He had also talked with the city engineer and others here and hoped to have the measure finished some time this month. He said that it was an important ordinance and one that could not be drawn within a short time.

May Get Mr. Baer's Advice.

Mention was made of the fact that the city has lost out in the court proceedings in a number of contemplated improvements. Mr. Newman thought it would be a good idea for the mayor, city attorney and the city engineer to go down to Belleville and consult with A. H. Baer of that city, who is recognized as an expert on the public improvement act. Mr. Hairgrove was not inclined to favor this plan. He said that there was no attorney in Jacksonville who had made a special study of the improvement act and that he himself was not especially qualified to draw up such an ordinance but that he thought that he could draw an ordinance according to the statute and that it would be a good plan after he had drawn such a measure to send it to Mr. Baer for improvements or suggestions. He said that his hope as city attorney had been to so conduct the office that there would be no expense to the city other than his salary. He said, however, that after drawing such an ordinance he could send it to Mr. Baer and find out from him in advance what the charge would be for examining it and making any suggestions that he thought wise.

Charges of Delay.

Mr. Knollenberg said that between the engineer and the attorney there seemed to be a lot of delay on all public improvement matters. Mr. Hairgrove said that matters could not be rushed through court and that it often took some time and diplomacy to accomplish desired results. Mr. Knollenberg asked about the delay and trouble about the Dunlap street sewer and Mr. Hairgrove explained some of the difficulties encountered there.

Mr. Brennan said that it seemingly took a mighty long time to get the paving done on the alley adjoining his store.

Taking up the idea that Mr. Newman had outlined that no public improvements should be made along streets traversed by the street railway, while franchise matters are pending, Mr. Hairgrove said: "More than a year ago proceedings were started against the utility company and subsequently I spent a great deal of time in preparing franchises. I worked at night for practically three months on the franchise ordinances I presented and feel confident in saying that they protect the rights of the city and the rights of the people and that was what I was trying to accomplish. In preparing these franchise ordinances I consulted with a number of the best lawyers in the country and made a special effort to get all the information I could bearing upon the subject. I consulted with E. W. Bemis, traction expert of the city of Chicago, with Mayor Baker of Toledo, Ohio, and with others who have made a special study of utility matters. I am frank to say that so far as the trespass case against the railway company is concerned that the city probably cannot recover. As a matter of equity and right it is very apparent that the city could recover, but as there was no compensation fixed when the original franchise was granted, I found that it would be practically impossible to establish a claim for damages.

Will Lose Traction Trespass Suit.

"There has been no precedent to follow and no decision of any higher court to quote in the matter or at any rate I have been unable to find such an opinion, as I say I have endeavored to get at this and other franchise matters by consultation with the best authorities that are known and I placed an order with the West Publishing company, one of the best known of the law book houses, to pay them if they could find me an opinion of the kind desired, but they have been unable to do so. I say that as a matter of equity we should be able to recover for past use, of the streets, for the period when the company operated without a franchise, but to establish a claim by law is a different matter. Just recently in the city of Elgin the gas company paid the city \$25,000 for a twenty years franchise, fixing the rate of gas at 90c. The company also paid \$2,000 for the period of two years between the lapsing of their old franchise and the granting of the new.

Defends Own Franchise Ordinances.

"There can be no question but what the franchise matters relating to Jacksonville should be given attention as the companies should not be permitted to operate here and enjoy the benefits they do without paying anything to the city. In Jacksonville the rate for electric lights is far higher than it is in a number of small cities and towns and as for the gas we have a poor quality at a high price. I have worked for a long time on these franchises and not long ago I found a number of franchises sent to my office to be copied. I examined these franchises which were evidently prepared by the companies who were seeking to have them passed. They did not protect the city at all or the people, in the way that should be done, and it is not reasonable to suppose that a company would prepare ordinances taking care of the rights of the people. It seems to me that as city at-

torney that the ordinances that I have prepared should be given consideration for it was largely because of a desire to serve Jacksonville in commencing utility companies to secure franchises that I undertook this position, and I also took it with the purpose and expectation of seeing to it that while I held the office no other expense would be necessary for legal service."

Miss Weller, city matron reported visiting one woman in jail; the filing of two petitions for dependent girls and one for a delinquent girl; investigated case of alleged mistreatment of a child by its mother; one girl of 12 was reported as trying to obtain goods under false pretenses and one girl was reported as keeping a bad company.

BAD BREATH

It's Your Duty to Get at the Cause and Remove It—A Word to the Wise, You Know.

Dr. Edwards' Olive Tablets, the substitute for calomel, oil the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant sugar-coated tablets are taken for bad breath by all who know them.

Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system of impurities.

They do all that dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Olive Tablets without griping, pain or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Olive Tablets are a purely vegetable compound mixed with olive oil.

Take one every night for a week and note the effect.

"Every little Olive Tablet has a movement all its own." 10c and 25c a box.

Madam—Whether you need flour today or not, you'll do well to trade with the dealer who sells Zephyr Flour

IN the retail trade, when a dealer gets the agency for Zephyr Flour, it is considered positive evidence that he stands high in his community as a man and high in the trade as a square merchant.

It means, too, that the flours in his store are of highest quality.

Zephyr Flour

We have spent endless care, time and money perfecting Zephyr Flour, the famous hard wheat flour of Kansas. We wash it and wash it and grind it and

grind it, watching it all the while. Cooks who use it get a reputation for their bread and cakes, their biscuit and pies.

It is so good, so sure, that we sell it with a positive guarantee to satisfy. Any Zephyr Flour dealer will, on request, return the money paid for any sack of Zephyr Flour that fails to please.

Save the chemist's test certificate of the wheat and flour, found in each sack of Zephyr Flour. It assures uniform high quality or another sack from your dealer or from us.

LEACH CROSS WINS FROM JOE MANDOT

PRACTICALLY WINS TEN ROUND BOUT IN NINTH ROUND

Cross Dropped Mandot to the Mat Five Times During This Round and Clinched His Claim to the Contest—Other Sporting News.

New Orleans, March 10.—Leach Cross practically knocked out Joe Mandot in the last round of their scheduled ten round fight here tonight.

The New Orleans fighter was worn down by the New Yorker who practically won in the ninth round. In this round Cross landed a right swing to the jaw that sent Mandot down and four times after that he felled him. Mandot could hardly keep his feet as he came from his corner at the beginning of the tenth.

Cross went after him hammer and tongs and beat him down with a rain of rights and lefts.

As Mandot went to the floor his manager threw a towel into the ring. Mandot seemed to be outclassed after the third round when Cross began cleverly inflicting. At long range work the New Orleans man showed to better advantage but Cross kept in and at the infighting was superior.

When coming out of a clinch in the ninth Cross hooked his right to the jaw and then followed with a swing to the same place. Mandot went down and the fight was practically over. Mandot took a count of nine and came up unsteadily. Cross landed at will after that.

Mandot was a 5 to 3 favorite. White Has Best of Fight.

Kenosha, Wis., March 10.—Charlie White the Chicago featherweight outpointed Pal Moore of Philadelphia by a big margin in a ten round fight here tonight.

Six times during the contest White felled his opponent with right and left swings to the jaw. Moore took the count of nine four times, and the bell saved him on the other two occasions. Four knockdowns came during the third round, despite the fact that White had broken a bone in his right hand during the second round. The other knockdowns occurred in the fifth and eighth rounds. The result was never in doubt after the third round Moore remaining on his feet only by sheer pluck.

Moore made his best showing in the first round, when he rushed White across the ring and knocked him over the ropes with right and left swings. Moore also fell out of the ring. Delegations which were expected to arrive from the Wisconsin and Illinois legislature failed to appear.

Ferns Given Decision.
Kansas City, March 10.—Clarence "Wildcat" Ferns of this city was given the decision over "Spike" Kelly of Chicago in a ten round fight here tonight. Ferns had the advantage of six of the rounds, while the fighters divided honors in the other four. Neither man was knocked down, but both landed some effective blows. Kelly's mouth was bleeding freely when the final gong sounded.

Will Not Meet Ritchie.
New York, March 10.—Packey McFarland declared tonight that he would not meet Willie Ritchie for the light-weight title held by Ritchie. If he had to make 133 pounds six hours before the fight.

"As I have said repeatedly," McFarland declared, "135 pounds at 3 o'clock in the afternoon is easy for me and it is a legitimate light-weight limit in view of the ring precedent. Joe Gans won the light-weight title from Frank Erne at 126 pounds, scaling at six o'clock yet nobody called Gans a welter-weight. If Ritchie is a real light-weight champion, he should not split hairs with me over a weight he himself actually prefers."

Injunction Prevents Bout.
Cincinnati, O., March 10.—A temporary injunction taken by the manager of Tony Ross the Indianapolis heavy-weight tonight prevented the scheduled ten round contest between Ross and Frank Jeffries of Philadelphia. James Dime, Ross' manager, claimed that he had a ten year contract with Ross and that the bout was made without his consent.

CHRISTIAN SCIENCE LECTURE SUNDAY AT OPERA HOUSE

Bliss Knapp of Boston Was Heard By Large Audience—Explained Mission and Principles of Christian Science.

Bliss Knapp, G. S. B., member of the board of lecturership of the mother church, the First Church of Christ, Scientist in Boston, made an address Sunday afternoon at the Grand opera house on Christian Science. The speaker was introduced by William F. Widmayer, first reader of the First Church of Christ, Scientist in Jacksonville. A large audience heard Mr. Knapp and he was given the most earnest attention. The speaker in his introductory remarks explained something of the mission of Christian Science as follows:

Mission of Christian Science.
"The wonderful power that characterized the life and works of Christ Jesus was in no more need of champions than the force of gravitation. The one, like the other, is ever operative and must be understood before it can be utilized. People embrace Christianity not so much to help it along, as to be helped. Suffering humanity has a right to be helped of God, and all men have an equal right to the healing and saving power that graced the teachings of Christ Jesus. It has been the mission of Christian Science to present these teachings in such comprehensive simplicity as to restore their lost element of healing. Its religious ethics are generally approved, not only because they conform to the teachings of Jesus, but because they inspire an optimism that has made a vast contribution to hope, brightness and human happiness. The one thing, however, that is most responsible for the tremendous growth of this movement, is the healing of the sick through prayer. Healing as well as preaching was a part of the disciples' duty in the early times, and continued to be so for three hundred years of the Christian era, or until Constantine wrought a change. But neither Constantine nor any one else ever had a right to absolve Christians from this duty. By resuming that long neglected duty, Christian Science has exhibited such a divine impulsion as to make of it a world religion in a remarkably short time. This should lead us to consider, in so far as one may, the healing forces that are behind this movement."

The whole lecture was a plain and forceful exposition of the principles which underlie the teachings of Christian Science. In his conclusion Mr. Bliss said:

What is Nature?
"What then is nature? It cannot be a think in and of itself. It must be the nature of something else. Jesus said, according to the revised version of the Bible, that 'God is Spirit,' and the nature of Spirit must be and is spiritual. It is this spiritual nature that heals. Then in place of waiting blindly upon this spiritual nature to bring a recovery, the Christian Scientist remembers the scripture, 'Lord, I believe; help thou mine unbelief.' Recognizing the helplessness of a blind faith, he proceeds to gain that understanding of spiritual nature which Jesus taught and demonstrated. Then, clothed in that expression of divine nature, he can apply it to the specific case and the sick and sinning are healed quickly and wholly. Mrs. Eddie has aptly written, 'more effectual than the forum are our states of mind, to bless mankind.' (Pulpit and Press, p. 87.)

"Therefore, in leaving this subject I would commend to your further consideration that Christian Science text-book, 'Science and Health With Key to the Scriptures,' whose only purpose is to unlock that spiritual meaning of the Bible that we gain, not through the human intellect, but through the exercise of spiritual faculties, rising to the recognition of God as absolute good, as the author of only that which is good and real and positive and immortal. By that spiritual understanding of the allness and omnipotence of God, we may demonstrate the divine law of infinite good in destroying all that is unlike good, including sickness and sin. For this gives us that spiritual domination that God gave to man from the beginning—that domination that has never been withdrawn. Christian Science presents this spiritual understanding in such a way that it may be applied from the very outset with the more simple problems. These fruits of Christian Science, spread over a period of nearly half a century, have done more to change the thought of the world to higher ideals than any religious statement or teaching of modern times. They have challenged attention to the fact that spiritual teaching improves the health as well as the morals of men. Such divine characteristics as health and life, which are reflected through man, can no more be annulled, disintegrated or destroyed than can God Himself; and we save ourselves by the conscious recognition of that fact."

W. S. Skelton, a merchant at Stanley, Ind., says he would not take \$100.00 for the relief a single box of Foley Kidney Pills gave him. "I had a severe attack of kidney trouble with sharp pains through my back and could hardly straighten up. A single box of Foley Kidney Pills entirely relieved me." City Drug Store—J. A. Obermeyer.

MORTUARY

Lashmet.
Word was received in this city Sunday announcing the death at 3 o'clock that morning of Mrs. Luther Lashmet at a hospital in Kansas City where she had been taken a short time previously to undergo a surgical operation.

The deceased was the wife of Luther Lashmet, a son of Mr. and Mrs. Jonas Lashmet of West Lafayette avenue in this city.

Mr. and Mrs. Lashmet resided at 2457 Tracey avenue, Kansas City, where Mr. Lashmet was employed in the office of a civil engineer. He was married last November to a young lady residing in Kansas City and whose maiden name was not known to the Journal informant. Mr. Lashmet was on his way to Kansas City, where he was to see his wife, when he was taken ill and died.

Wild.
Funeral services for Samuel Wild were held at the Methodist church in Murrayville Sunday morning at 11 o'clock in charge of the pastor, Rev. J. W. Biddle. Music was furnished by a quartet composed of W. Charles Short and Miss Mildred Wright, with Mrs. Millon at the instrument, and the flowers, which were many and beautiful, were cared for by Misses Mary Wild, Pearl Wild, Ruth Gallagher, Edna Cook and Louella Osborne.

Interment was made in Bethel cemetery and the bearers were Chas. Osborne, Benjamin Osborne, Edward Wild, Mr. Jackson, Mr. Astell and William Cook.

Perry.
Funeral services for Charles Benjamin Perry were held Sunday morning at 1 o'clock at the Gillham undertaking establishment, in charge of Rev. Hy S. Alkire, pastor of Brooklyn M. E. church. Music was furnished by Miss Mary Lindsay, Mrs. H. S. Alkire, Rev. Mr. Alkire and W. W. Gillham.

Interment was made in Jacksonville cemetery and the bearers were J. A. Crum, A. J. McNeal, D. M. Keating, E. G. Mathews, William Settles and William Young.

Dyer.
Squire W. T. Dyer received a letter Monday announcing the death of his uncle, Joel Dyer, who passed away at his home in Burden, Kan., Friday. The deceased was 88 years of age and had visited with Squire Dyer in this city. He is survived by his wife and nine children.

Reick.
Relatives in the city have received word announcing the death of Mrs. Charles Reick, who passed away at the home of her son, Frank Reick, Friday night, March 7, after an illness with pneumonia. Mrs. Reick was formerly a resident of Greenwood avenue, this city, and went to Colorado Springs with her son a year ago. She was 77 years of age and was preceded in death by her husband, who passed away three years ago, and five children, one of whom Mrs. Harry Summers, died in Colorado.

rado Spring last year and was buried in this city. The deceased is survived by two sons and three daughters: F. W. Reick of Normal; Frank Reick of Colorado Springs; Mrs. A. Johnson of Brunswick, Neb.; Mrs. William Dyer of Bertrand, Neb.; and Mrs. Allen Parker of Bluffs.

The remains arrived in this city at 6 o'clock Monday morning via the Chicago & Alton accompanied by Frank Reick. Funeral services will be held this afternoon at 2 o'clock from the Salem Lutheran church in charge of Rev. J. G. Kuppler. Interment will be made in Diamond Grove cemetery.

Logan.
Funeral services for Mrs. David M. Logan were held at the late residence, 209 South Fayette street, in charge of Rev. Clyde Darsie, pastor of Central Christian church, Saturday morning at 10 o'clock. Music was furnished by Miss Cora Graham, Mrs. Wallace Brockman, J. R. Watt and W. W. Gillham. The bearers were: W. L. Lynn, E. F. Johnston, Samuel Edwards, J. R. Watt, James Fox and R. R. Wood. The remains were taken to Tallula Saturday afternoon at 12:45 o'clock via the Chicago & Alton and funeral services were held at the church in Newmerville. Interment was made in the Newmerville cemetery.

Babb.
A large number of relatives and friends gathered at the Babb residence, 1055 West College avenue, Sunday afternoon at 2:30 o'clock to pay a last tribute of respect to Mrs. Sarah E. Babb. Impressive funeral services were conducted by Rev. Clyde Darsie, pastor of Central Christian church, who spoke words of consolation for the bereaved relatives and also paid the life of the deceased a deserved tribute. Music was furnished by a quartet. Miss Mabel Mathews, Mrs. A. Wehl, Robert Hockenhill and John L. Johnson, who sang: "Rock of Ages," "Sometime We'll Understand," and "Jesus, Lover of My Soul." There was a profusion of beautiful flowers which were cared for by Mrs. L. P. Allcott, Mrs. Williams, Miss Taylor and Miss Agnes Wakely.

Interment was made in Jacksonville cemetery and the bearers were: J. J. Reeve, R. C. Reynolds, William Osborne, T. W. Beadle, Frank Orear and John Gibbs.

Kirby.
Mrs. Kirby of Beardstown died last night at 10:15 o'clock at Passavant hospital. The body was taken to Reynolds' undertaking establishment.

Stoffel.
The funeral services of Peter Stoffel were conducted Sunday at 3:30 o'clock from the Sacred Heart church in Springfield, in charge of Rev. Father Kreckenberk. Interment was made in Calvary cemetery. Among those to attend the services from Jacksonville were A. W. Becker, Mr. and Mrs. P. J. Leonard, Daniel Sweeney, George Leonard, Joseph Becker, Mrs. F. W. Mollenbrok and Albert Mollenbrok.

MISS EDITHA PARSONS PRESENTED 'ENOCH ARDEN'

Tennyson's Melodrama Given Fine Rendition With Prof. Max L. Swarthout at the Piano.

A rare treat was afforded a big audience last night at the Woman's college, when Miss Editha Parsons, an associate teacher of the school of expression presented "Enoch Arden," the well known melodrama by Tennyson. The musical setting by Richard Strauss was given by Prof. Max L. Swarthout. This is the first time that anything of the kind has been presented in the city for sometime and in every way it was most successful. Miss Parsons has given this special number on several occasions with great success, but her work last night could not have been improved upon. She possessed a thorough understanding of the production, and her voice was well adapted to the various moods which the piece demands, and her reading manifested unusual talent in interpreting.

The program was in two parts as follows:

Part 1—Early childhood, Enoch's departure, Annie's struggle.

Part 2—"The Beauteous Hateful Isle," Enoch's return.

The music last night is based upon a number of characteristic motifs, each one of these representing some distinct feature of the personal element of the poem. The principal ones from these motifs are those representing the characters of Annie Lee, Philip Ray and Enoch Arden. There are a number of other motifs representing the surge of the sea, wedding music and that beautiful motif which represents the intensity of Enoch Arden's own feelings. Strauss' treatment of these motifs is as wonderful and complex as is beautiful and the little touch of them from time to time singly as well as interwoven with one another enable a musically inclined listener to trace the trend of the story almost unaided by the words of the poem. The playing of this requires an unusual musical sympathy, which was met in a masterly way by Prof. Swarthout. In fact the sympathy between the reader and musician was so great that in passages of the story the audience was moved to tears.

COLLEGE HILL CLUB IS TWENTY FIVE YEARS OLD

Well Known Literary Organization Celebrated Important Anniversary Monday.

The College Hill club celebrated its twenty-fifth anniversary Monday night with a dinner given at the home of Mrs. M. E. Layton, Woodland Place, for the twenty members of the club and invited guests. The preparations had been along generous lines and sons and daughters of the club members gave charming service.

Mrs. Marion B. Tanner, president of the club, presided and after the dinner called upon Mrs. M. H. Havenhill to present the annual report. In sentences other than usual, Mrs. Havenhill told of what the club has accomplished during the year and of the various subjects given consideration. Then Mrs. Tanner in a springy way reviewed whole life work of the club, her theme being, "Twenty-five Years in College Hill Club." The speaker showed the great variety of themes discussed and made it clear that the work of the club has been far more than for mere entertainment and has had an important influence.

Miss Martha Weaver, dean of the faculty of Illinois Woman's college, made an address on "Twenty-five Years of Social Progress." Miss Weaver dwelt particularly upon the reforms introduced in the past quarter of a century, mentioning as concrete examples of the reforms due to the developed sense of social justice, the establishment of the federal children's bureau; the work of child labor committee; the improved conditions surrounding the care of idiots, insane, paupers and felons; improved almshouse conditions; advances in the conditions relating to women. Miss Weaver's review of the years and her comments upon the work accomplished and upon the work yet to be done gave her auditors much to think upon.

Two musical numbers of great merit formed a delightful part of the program. Miss Mabel Mathews singing two solos with Miss Inez Huckleby as accompanist. The whole occasion was one of especial pleasure.

To better acquaint you with our new and enlarged ready-to-wear department, we are going to offer some extra special inducements TOMORROW. Among other things 65c values in ladies white lingerie shirt waists, 3 waists for \$1.00. FLORETH COMPANY.

Easter is Almost Here:

Are Your Clothes Ready?

The very spirit of Easter suggests good clothes. This is the one time of the year when men strive to dress their best.

Selections are now at their best. All the new spring fabrics: dressy blues and plain shades, nobby club checks and stripes; you'll find every new style creation from the best fashion makers.

Norfolks, 2 and 3 button suits, \$16 to \$30.

HATS

You will certainly want a new Hat for Easter. A Hat for every face or figure. Stetson's fine felts and stiff Hats, \$3.50 to \$5. Our own special Hats \$2, \$2.50, \$3.

MOTHERS!

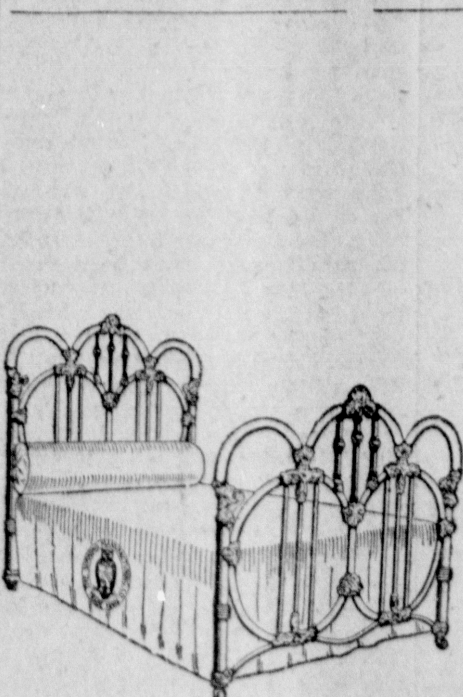

We invite the mothers to see the beautiful display of boys' wool and washable Suits, new spring Hats and Waists.

Carloads of New Furniture & Housefurnishings

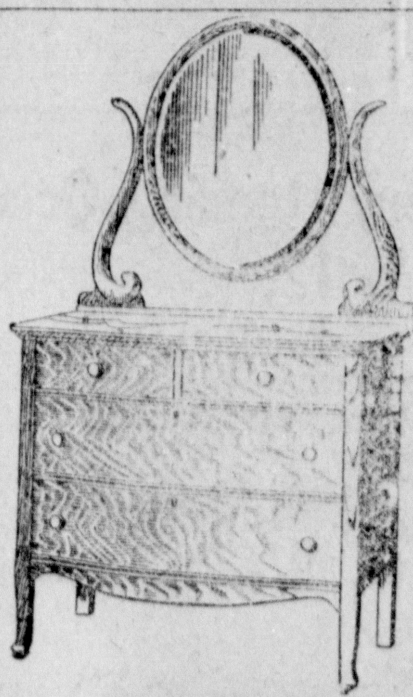

To Supply Your Spring Needs

We've unpacked car load after car load of new things, placed them upon our floors and now we can safely say, no more complete, no finer, better assorted stock of furniture and housefurnishings were ever gathered under one roof. The goods to please you, you will surely find here. We will take particular pride in serving you, fully realizing just how much our future success depends upon our having well and satisfactorily served you. We will serve you with a full realization of this dependence. Is ours the opportunity?
